

Best Friend
Song by Helen Reddy - 1971

Capo 1st
Intro A C#m F#m A

Would you take better care of yourself

Would you be kinder to yourself

Would you be more forgiving of your Human imperfections

if you realized your best friend was yourself

Verse 2

Who is always with you everywhere

Who is on your side when others are unfair

And tell me, who will never let you down in any situation

Who will always see you get your share

Chorus

And that's why I am a best friend to myself

And I take me out whenever I feel low

And I make my life as happy as a best Friend would

I'm as nice to me as anyone I know
